Profiles

 [frogbubbletea](#)

Summary

An active learner and inquisitive student in HKUST majoring in Computer Science and an Extended Major in Artificial Intelligence. I am looking for opportunities to practice my knowledge and skills in software and problem-solving by applying them in real world scenarios.

Experience

Transport Department Summer Intern	June 2024 - August 2024 Hong Kong
--	---

Education

The Hong Kong University of Science and Technology Computer Science + Extended Major in Artificial Intelligence CGA 3.171	Fall 2021 - Spring 2025 Bachelor of Engineering
--	---

Projects

tab-bot  https://github.com/frogbubbletea/tab-bot	February 2023 - Present
---	--------------------------------

A system to scrape HKUST course data, track and announce changes in course offerings, quotas, and record enrollment trend.

Python, Discord bot, Web scraping

ust-course-mobile  https://github.com/frogbubbletea/ust-course-mobile	February 2025 - Present
---	--------------------------------

An Android app that provides a faster, more intuitive user interface for browsing HKUST course information on the go.

Kotlin, Android, Jetpack Compose, Web scraping

CSE Final Year Project Virtual Window for Workplace Well-being  https://github.com/HKUST-FYP-Group2/control-webapp	June 2024 - Present
---	----------------------------

My group developed a system that simulates windows by projecting live scenery in windowless spaces. I worked on the Control App, which lets the user configure the scenery, sounds, and information displayed.

Next.js, React

Selected Courses

COMP 4321 Search Engines for Web and Enterprise Data	2023-24 Spring	COMP 4211 Machine Learning	2023-24 Spring
COMP 3021 Java Programming	2023-24 Fall	COMP 4021 Internet Programming	2024-25 Fall
COMP 4332 Big Data Mining and Management	2024-25 Spring
